SUMMARY

.....

BasildonCouncil

INTRODUCTION

This document summarises Basildon Councils Allocations Scheme which commenced 2014, revised in April 2017 with amendments effective from February 2018, December 2021 with amendments effective from 27th September 2022 and 10th September 2024 with amendments effective from 7th August 2025.

Applicants and their advisors/support workers are encouraged to use the Basildon Choice website <http://www.basildonchoice.org.uk/> to find out more about the scheme and consider which housing options will suit them best.

HOW TO APPLY FOR HOUSING

To apply for either a council or a social registered provider property (also known as a housing association), applicants must be accepted onto the Council's Homeseeker register, however, not everyone will be accepted. Evidence of eligibility and qualification will be required to complete registrations.

Applicants will be required to complete an online application form which includes a pre-assessment process. If the applicant appears to meet the qualification criteria, they will be able to continue to complete the more detailed Homeseekers application form.

When an applicant has passed the pre-assessment stage and completed the online Homeseeker application, we will then contact them to provide evidence to support the application. Any documentation required must be presented to the Council within the requested timescale or the application will be cancelled.

The applicant will then be notified to whether they have been accepted onto the Homeseeker Register or will be given the reasons if they have not. Where accepted, they will be informed of:

- The housing needs band in which their application has been placed
- Their effective date in band
- The number of bedrooms that they are registered for and any other particular property requirements or restrictions e.g., floor level, bathing facilities etc

ELIGIBILITY AND QUALIFICATION

Homeseeker applications are assessed in 2 stages:

Eligibility

Some categories of people are not eligible to join the Homeseeker Register because they are specifically excluded from doing so by rules set by the UK government.

Qualification

If the applicant meets the eligibility rules the Council will then assess whether the applicant meets all the following qualifying criteria to be included on the Homeseeker Register:

- Meet the age criteria
- Have a housing need as defined in the Scheme
- Pass the financial limits qualification

AGE

Applicant/s must be:

- 18 years of age or over
or
- Aged 16 or over and either accepted as statutory homeless by Basildon Borough Council, referred through Section 27 of the Children's Act 1989, an eligible child, relevant child or former relevant child, or residing in one of Basildon Councils partner supported housing schemes within the borough

FINANCIAL LIMITS

Applicants who, in the opinion of the council, are deemed to be able to meet their own housing need through other housing options including the private rented sector will not normally qualify for inclusion on the Housing Register.

Applicants will not normally qualify to join the register if they:

- Own or part-own a residential property, in Basildon or elsewhere
- Have savings over £16,000
- Have an annual income sufficient to be able to purchase a suitable property (including low-cost home ownership) or afford private rented housing in the Borough. We currently define this by the applicants assessed housing need as below: -

-

Property Size Need	Household Gross Income Level
Studio/1 Bed	£37,000
2 Bed	£50,000
3 Bed	£60,000
4 Bed	£75,000

Income and Savings will not be taken into account for existing social tenants with secure/assured tenancies who have been accepted by the Council as transferring tenants however property ownership will be taken into account.

Applicants aged 55 and over (any partners must be at least 50) who want to move into sheltered housing will qualify to join the register if any property they own (or part own) and/or savings, are worth £286,000 or less.

Some exceptions apply - see the full scheme for details.

LOCAL RESIDENCE CONNECTION (Section 9 in full policy)

The demand for social housing in Basildon Borough far exceeds the supply of suitable properties. The Council believes that priority should be given to those applicants who have a real and enduring commitment to the Borough and that this will also help build a stronger local community. The Council believes that having a local residence connection will help achieve those aims.

9.2 Subject to paragraphs 9.3 and 9.4, all applicants must be able to prove that they are ordinarily resident in Basildon Borough and have been so resident for a continuous period of at least 7

years immediately preceding the date of their application, and that such residence is of their own choice. In calculating 7 years, the Council may disregard any period or periods together not exceeding 6 months in total at the date of application if it has reasonable grounds for believing that such period or periods of absence were forced upon the applicant through no fault or choice of their own.

9.3 This paragraph applies to any of the following applicants who do not meet the requirements of paragraph 9.2:

9.3.1 Armed Forces:

- Those who are currently serving or who have served in the Regular Armed Forces*.
- Divorced or separated spouses or civil partners of Service personnel who need to move out of accommodation provided by the Ministry of Defence.
- Bereaved spouses or civil partners of those serving in the Regular Forces where (i) the bereaved spouse or civil partner has recently ceased, or will cease, to be entitled to reside in Ministry of Defence accommodation following the death of their Service spouse or civil partner, and (ii) the death was wholly or partly attributable to their service.
- Serving or former members of the Reserve Armed Forces** who are suffering from a serious injury, illness or disability which is wholly or partly attributable to their service.

* Means the Royal Navy, the Royal Marines, the Regular Army or the Royal Air Force.

** means the Royal Fleet Reserve, the Royal Naval Reserve, the Royal Marines Reserve, the Army Reserve, the Territorial Army, the Royal Air Force Reserve or the Royal Auxiliary Air Force.

These provisions recognise the special position of members of the Armed Forces whose employment requires them to be mobile and who are likely therefore to be particularly disadvantaged by local connection requirements. The provisions extend to bereaved spouses and civil partners of Service personnel recognising that they are likely to experience similar issues. Reservists are included, recognising, for example, that those who have been seriously injured as a result of their service may need to move to another local authority district in order to access treatment, care or support.

9.3.2 The applicant is an eligible child, or a former relevant child.

In this regulation:

“Eligible child” has the meaning given by paragraph 19B of Schedule 2 to the Children Act 1989 (3)

“Relevant child” has the meaning given by section 23A (2) of the Act (4)

“Former relevant child” means a person aged under 25 who falls within the meaning given by section 23C (1) of the Act (5)

9.3.3 Victims of domestic abuse who have not been accepted as statutorily homeless by another Local Authority. If the applicant is aged under 18, the application will be referred to the Housing Options Team

9.3.4 Applicants currently placed outside of Basildon Borough (e.g., special residential education, hospital, or prison) but would have passed the local residence test at the time they were placed outside the Borough

9.3.5 Applicants currently residing in one of the supported schemes within the Borough (Essex NEST (Nacro), foyer, Dundee Court, MIND, Dovecott (Parent & Child), Nevendon Place, Peabody property scheme & Barleylands Rough Sleeper initiative scheme) and can provide documentation to show residency within the Borough continuously for one year **at time** of moving into the scheme

9.3.6 Current tenants with an assured, secure, introductory, fixed term or flexible tenancy transferring from Basildon Council or Partner Registered Provider property in the Borough

The partner registered provider will be expected to make the resulting void available to the Council in addition to the formal nomination agreement in place. The registered provider will also be expected to actively be addressing the housing need of their tenant from their own stock and/or assist them in assessing alternative housing options e.g., mutual exchange, shared ownership etc)

9.3.7 Applicants who meet the Right to Move criteria – See Appendix 3 in full policy

9.3.8 Applicants in respect of who the Rehousing Manager or above (i.e., Head of Housing Needs & Service Director) has awarded a discretionary uplift, under paragraph 9.5

9.3.9 Applicants falling within the paragraph 9.3, are to be treated, for banding purposes, as though they meet the local connection requirements in paragraph 9.2

Reasonable Preference

9.4 This paragraph (9.4) applies to applicants owed a reasonable preference, (S2.3) including statutorily homeless applicants, who do not meet the local connection requirements of either paragraphs 9.2 or 9.3

9.4.1 Subject to paragraph 9.5, applicants falling within this paragraph are to be assigned to a band being one band lower than the band they would have been placed in had they satisfied the requirements of paragraph 9.2 & 9.3

9.5 The Rehousing Manager or above (i.e., Head of Housing Needs & Service Director) has the power, to be exercised on a case-by case basis, to award a discretionary uplift by which an applicant falling within paragraph 9.4 is to be treated, for banding purposes, as though she or he falls within paragraph 9.3. this power may only be exercised:

- a) Where the Rehousing Manager or above) i.e., Head of Housing Needs & Service Director) is satisfied that it is in the Councils financial or other strategic interests to award a discretionary uplift or
- b) Otherwise in exceptional circumstances.

Exceptionality is to be judged for these purposes by comparison with the circumstances of others applying to the Council for rehousing, but may also include consideration of the length of time the applicant has in fact lived in the Basildon Borough (though falling short of 7 years); any particular reason why they have not been able to build up a qualifying local connection and/or any particular contribution they have made to the local community in that time, such as voluntary or charitable work or other activity beneficial to local people.

The maximum uplift available under this power is one band.

- 9.6 If at any point after successful application to the Homeseeker Register, the applicant loses their local residence connection, for example because they move outside of the Borough, their application will be reassessed and any accrued local residence will cease to apply unless the Rehousing Manager or above, (i.e. Head of Housing Need & Service Director) is satisfied that there are exceptional circumstances for continuing to apply it, exceptionality for these purposes to be judged on the same criteria as under paragraph 9.5.
- 9.7 The Council may request proof of the full period of local residence at the point of application and proof of continuous residency in the Borough from that date prior to an offer of a property. The onus is on the applicant to prove that they meet the residence qualification, and the Council may use its own records, and those of other public bodies, to assess applications.
- 9.8 Applicants placed in Basildon by another organisation into supported housing, probation approved premises or placed in the private sector by another local authority discharging its homelessness duty, are not considered to be 'by choice' and will not qualify for local residence. However, when the duty has expired, residence connection will begin to accrue from that date.
- 9.9 Eligible applicants aged 55 or over (any partners must be at least 50), who want to move into sheltered housing (including extra care schemes); who do not have a local residence connection, and who do not have a reasonable preference as defined in Section 2.3 of the full scheme will be allowed to join the Homeseeker Register where they will be placed in Band E and registered for sheltered accommodation only.
